FIRE-PROOF BUILDINGS

Patented January 28, 1869; April 13, 1869; May 4, 1869; June 28, 1870,

BY

EDWIN MAY.

This invention is practical throughout, and all the materials are at hand in every community to do the work. The same workmen that have been employed in erecting combustible, can build fire-proof buildings for less than ten per cent. additional cost over the present insecure method, and in most cases not to exceed five per cent.

The following public buildings, among others, have adopted the improvements:

Public Library, Cincinnati Ohio; State Sentinel Building, Indianapolis Ind.; National Bank, Lafayette, Ind.; Sheriff's residence, Logansport, Ind.; County Prison, Lafayette, Ind.; County Buildings, Winamac, Ind.; County Court House, Chicago, Illinois; County Buildings, Warren, Ohio; Court House, Williamsport, Indiana; St. Louis Republican, St. Louis, Mo.; Lake Side Publishing Company, Chicago, Illinois; County Buildings, Covington, Ind.; Court House, Vincennes, Knox Co., Ind.; County Prison, Cold Water, Branch County, Mich.; Fletcher & Sharp's Bank Block, Indianapolis: Hospital for Insane Department for Women, Indianapolis.

Address, EDWIN MAY, Indianapolis, Ind.

OFFICE No. 5 AND 6 GLENN'S BLOCK.

PATENT JAIL

I have invented and patented "Improvements in the construction of prisons," which will successfully obviate all necessarily dangerous contact of the jailor with those in charge, and which, in sundry other respects, confers upon the jailor the absolute control over the actions of his prisoners.

In my arrangement the jailor need never come in contact with the prisoner. There is always a grating of iron between the keeper and the confined. They are under his control and at his command all the time, without the risk of direct communication, the danger of which is known to all who have had the charge of prisons.

Each cell is fastened, and, by a counter movement, opened separately from the other, and any one cell can be locked or unlocked from without the corrider. Rooms for female prisoners, insane persons and hospital patients are made perfectly safe, and together with the residence for sheriff, completely fire-proof.

The patents for "Improvements in the Construction of Prisons" was granted to EDWIN MAY, October 4, 1859; May 29, 1860; June 28, 1870, and December 27, 1870. Patent of 1859 extended October 4, 1874.

SAW AND FILE-PROOF PRISON GRATING.

PATENTED MAY 9, 1871.

The advantage of this grating is the perfect security offered over the old method of common iron window grates; however large the bars, they could be easily sawed off, and the larger the bars the more obstruction to light and ventilation. This grating can be used for prison doors and corridor partitions. For further particulars, address,

EDWIN MAY,

PREFACE.

To our Many Patrons:

In presenting you our Sixth Annual Issue of the Indianapolis Directory, we feel that we have tried to do our work in such a manner that very little or no fault can be found with it. Our Directory is daily growing in favor with the business men of all branches of trade, our subscription list showing over three hundred more this year than any previous year of our publication. This is a flattering prospect for business men, as the business of a city depends to a great extent on a city directory, as it shows to the world, more fully than any other medium, the business that is transacted in the city, and by whom it is done.

The present volume contains 33,408 names, an increase of 3,264 over last year's directory, and on the basis of 3½ persons to the name, makes the population of the city about 115,000 persons. This we think is a very low estimate, as we who canvass the city yearly, have a great deal better chance to see its growth than any other person not engaged in a similar occupation. This year's volume contains between 50 and 60 pages more than last year's work, hence the increase in names.

Our thanks are due to our many patrons for their liberal support, and we ask for a continuance of the same in our succeeding issues.

Respectfully,

THE PUBLISHERS.

ENTERPRISE.

This Boarding House,

(THE LARGEST IN THE CITY,)

CONSISTING OF SEVENTY-EIGHT ROOMS,

Is Situated on Massachusetts Avenue, between Delaware and Alabama Streets.

All persons wishing a quiet Boarding House, without the bustle of a Hotel, and still the independence, will do well to give the "ENTERPRISE" a call.

THE PRICES ARE VERY LIBERAL.

Room for $5.00, Day Board for $3.50.

PER WEEK.

The Ladies who are sole proprietors have an experience of THREE YEARS, and know just what they can do for the money, and they ask every person stopping with them not to expect the same fare for 50 cents per day that they would pay $3 for at a Hotel.
